

During an emergency evacuation the law enforcement play an important role in maintaining a smooth flow of evacuation process so that there is an orderly conduct among the population which further reduces injuries and mortality rates among the evacuees. Hence, for the Glohaven Emergency Management Systems (GEMS), this user group of law enforcement would consist of:

1. Municipal Police.
2. Provincial Police.
3. Federal Police
4. Sheriff's Department

These users would be given authorization for:

1. Information about accommodations.
2. Contact information's of administration of accommodations and the reservation agents of GEMS.
